## Know the product

### COMPREHENSIVE WARRANTY

Comes with a two-year warranty from the date of shipment, offering peace of mind and assurance of quality and reliability.

### WIDE RANGE OF COMPATIBLE ACCESSORIES

Designed to work seamlessly with standard electrosurgical accessories, pencils and electrodes.

### SAFETY FEATURES

Incorporates safety measures such as alternate site burns hazard mitigation and an integrated smoke evacuation system, ensuring both patient and operator safety measures.

### USER-FRIENDLY DESIGN

Clear activation buttons and indicators for cut and coagulation modes, alongside low battery alerts, facilitating ease of use even for practitioners with minimal training.

### COMPACT AND BATTERY-POWERED

Compact and portable solution for electrosurgical procedures without compromising power or functionality.

### INTENTIONAL DESIGN

Specifically intended for monopolar cutting and coagulation of tissue, making it ideal for the LLETZ/LEEP procedure.

## ELECTROSURGICAL UNIT ESU-110

Treat cervical cancer effectively  
and comfortably with  
**ESU-110 electrosurgical generator**
